

MILAN
CHAMBER OF
ARBITRATION

With the support of:

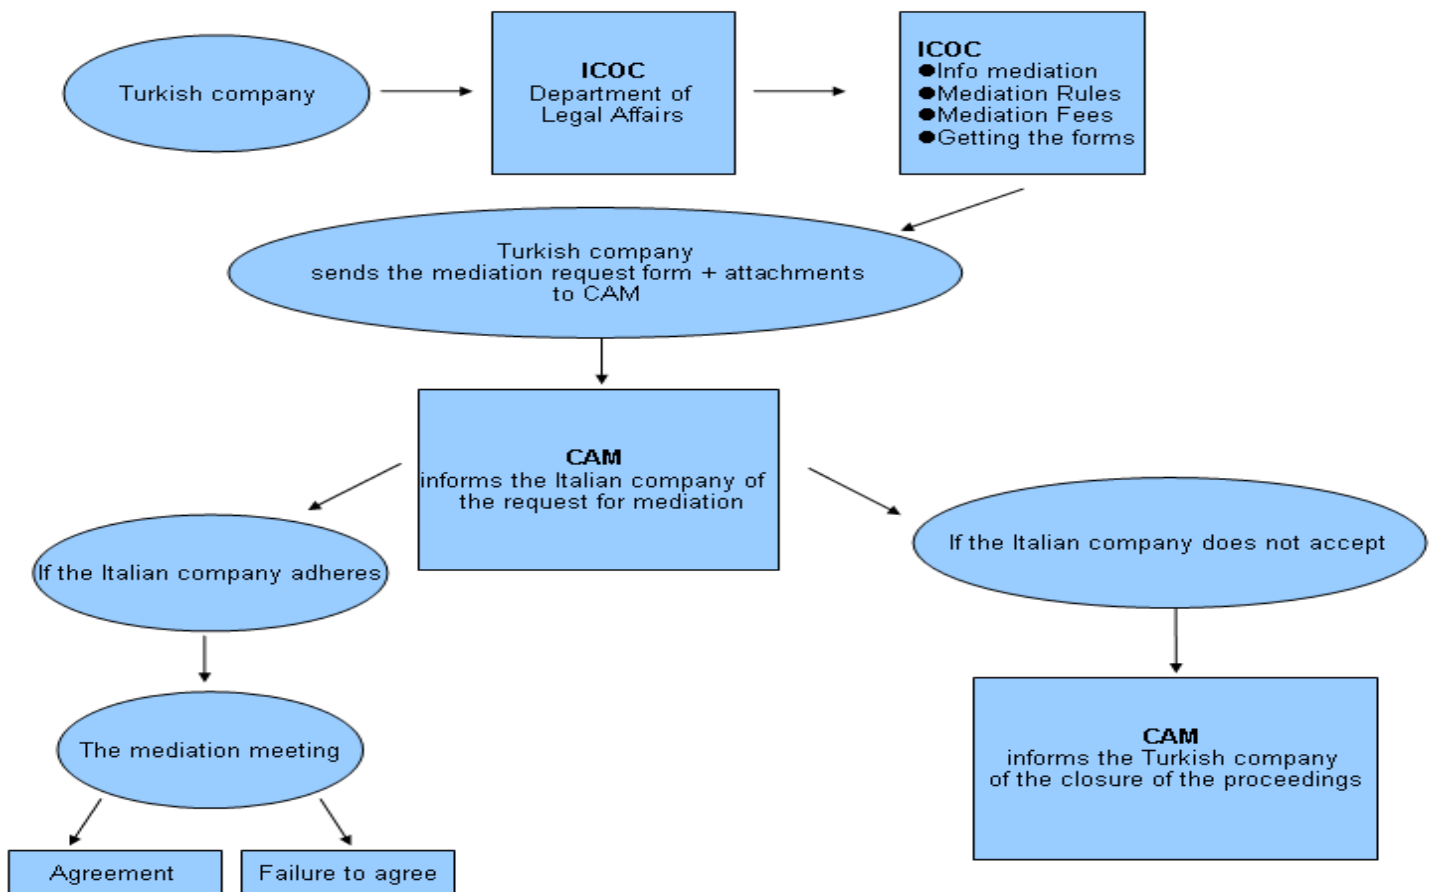

Italy-Turkey Mediation Project

Considering the increasing number of disputes between Italian and Turkish companies the **Istanbul Chamber of Commerce (ICOC-ITO)** and the **Milan Chamber of Arbitration (CAM)** with the assistance of the **Institute for the Promotion of Arbitration and Mediation in the Mediterranean (ISPRAMED)** have developed a partnership to offer a “double-door mediation service” to Italian and Turkish companies involved with commercial disputes.

How does the service work?

The mediation service is provided by CAM which applies its rules and fees that have been translated into Turkish. Italian companies can directly liaise with CAM.

ICOC offers information and assistance to Turkish companies willing to attempt mediation, in particular Turkish parties can rely on an ICOC’s officer trained at CAM who can assist them throughout the mediation process (i.s. assistance in filing the mediation request).
